Introduction and Purpose

Welcome to Catalyst Innovations/Elevate, accessible at <https://www.elevateourteam.com>. We want to be clear about some of the content you might encounter here. This disclaimer explains how we use artificial intelligence (AI) to generate certain content on our website and what that means for you, the user. Your use of this site signifies your agreement to these terms.

Nature of AI-Generated Content

Some of the text, summaries, suggestions, or other materials presented on <https://www.elevateourteam.com> may be created, in whole or in part, by artificial intelligence models. We use AI to assist in various aspects of our website and app operations, aiming to provide helpful and relevant information. This could include things like article summaries, initial draft content, or responses to common queries.

Not Professional Advice

The content generated by AI on Catalyst Innovations/Elevate is for informational purposes only. It is not, and should not be considered, professional advice of any kind. This includes legal, financial, medical, or any other specialized advice. You shouldn't rely solely on AI-generated content for making important decisions. Always consult with a qualified professional for specific advice tailored to your situation.

Accuracy and Completeness Limitations

While we strive for accuracy, AI models can sometimes generate information that is incorrect, incomplete, or outdated. Artificial intelligence is a complex technology, and it learns from vast datasets. But here's the thing: it doesn't "understand" in the human sense. It predicts and generates text based on patterns. So, the AI-generated content on <https://www.elevateourteam.com> may contain errors, omissions, or misinterpretations. We don't guarantee the accuracy, completeness, or reliability of any AI-generated material.

No Warranties or Guarantees

Catalyst Innovations/Elevate provides its AI-generated content "as is" and "as available." We make no warranties, express or implied, regarding the content's fitness for a particular purpose, non-infringement, or freedom from errors. We can't promise that the AI content will always meet your expectations or be entirely free of issues. And that matters because your reliance on this content is at your own risk.

User Responsibility and Verification

As a user of <https://www.elevateourteam.com>, you are responsible for independently verifying any information obtained from AI-generated content before acting upon it. This means if you read something here that seems important, you should cross-reference it with other reliable sources. Don't take it at face value. Your due diligence is critical.

Third-Party Content and External Links

Our website, including AI-generated content, might include links to third-party websites or references to third-party content. Catalyst Innovations/Elevate doesn't endorse or take responsibility for the content, accuracy, or practices of any third-party sites or resources. We have no control over them. If you click an external link, you're leaving our site, and different terms and privacy policies will apply.

Changes and Updates to Content

The content on <https://www.elevateourteam.com>, including any AI-generated portions, may be updated, modified, or removed at any time without prior notice. We're always working to improve our services and the information we provide. This means what you see today might change tomorrow.

Limitation of Liability

To the fullest extent permitted by United States law, Catalyst Innovations/Elevate (and its affiliates, officers, directors, employees, agents, and licensors) will not be liable for any direct, indirect, incidental, special, consequential, or punitive damages arising out of your access to, use of, or inability to use the AI-generated content on <https://www.elevateourteam.com>. This includes, but isn't limited to, damages for loss of profits, data, or other intangible losses, even if we've been advised of the possibility of such damages. So if you use this site, you understand these limitations.

Intellectual Property Considerations

While AI assists in content generation, Catalyst Innovations/Elevate retains all intellectual property rights in the overall design, structure, and proprietary content of <https://www.elevateourteam.com>. The output of AI models can sometimes be derivative of their training data. We make reasonable efforts to ensure our use of AI aligns with intellectual property best practices, but we don't warrant that AI-generated content will always be free from third-party intellectual property claims.

Governing Law and Jurisdiction

This AI-Generated Content Disclaimer is governed by and construed in accordance with the laws of the United States, without regard to its conflict of law principles. Any disputes related to this disclaimer or your use of AI-generated content on <https://www.elevateourteam.com> will be subject to the exclusive jurisdiction of the courts located within the United States.
