

Cookie Policy

Last Updated: August 02, 2026

Introduction

This Cookie Policy explains how Catalyst Innovations/Elevate ("we," "us," or "our") uses cookies and similar technologies when you visit our website, <https://www.elevateourteam.com> (the "Site"). It tells you what these technologies are, why we use them, and your rights to control our use of them. We're committed to transparency about the data we collect and how we use it to improve your experience on Elevate.

What Are Cookies?

Cookies are small data files placed on your computer or mobile device when you visit a website. They are widely used by website owners to make their websites work, or to work more efficiently, as well as to provide reporting information. Think of them as a website's memory. They allow the website to remember your actions or preferences over time.

Cookies set by the website owner (in this case, Catalyst Innovations/Elevate) are called "first-party cookies." Cookies set by parties other than the website owner are called "third-party cookies." Third-party cookies enable third-party features or functionality to be provided on or through the website (for example, advertising, interactive content, and analytics). The parties that set these third-party cookies can recognize your computer both when it visits the website in question and when it visits certain other websites.

How We Use Cookies on Elevateourteam.com

We use first-party and third-party cookies for several reasons. Some cookies are essential for technical reasons, ensuring <https://www.elevateourteam.com> operates correctly. We refer to these as "essential" or "strictly necessary" cookies. Other cookies enable us to track and target the interests of our users to enhance the experience on our Site. For instance, they help us understand which parts of Elevate are most popular. Third parties serve cookies through our Site for advertising, analytics, and other purposes. This is described in more detail below.

Types of Cookies We Use

Here's a breakdown of the specific types of cookies we use on <https://www.elevateourteam.com>:

Strictly Necessary Cookies

- These cookies are essential for you to browse the Site and use its features, such as accessing secure areas. Without these cookies, services like logging into your Elevate account or adding items to a cart can't be provided. They don't gather information about you that could be used for marketing or remembering where you've been on the internet.

Performance and Analytics Cookies

- These cookies collect information about how visitors use <https://www.elevateourteam.com>. For example, they

tell us which pages visitors go to most often and if they get error messages from web pages. These cookies don't collect information that identifies a visitor directly. All information these cookies collect is aggregated and therefore anonymous. We use this information only to improve how our Site works.

- For Catalyst Innovations/Elevate, this means we can see which features on Elevate are most engaging, helping us refine our offerings.

Functionality Cookies

- Functionality cookies allow <https://www.elevateourteam.com> to remember choices you make (like your username, language, or the region you are in) and provide enhanced, more personal features. For example, Elevate might remember your login details so you don't have to enter them every time you visit. They can also be used to remember changes you have made to text size, fonts, and other parts of web pages that you can customize.

Targeting and Advertising Cookies

- These cookies are used to deliver advertisements more relevant to you and your interests. They are also used to limit the number of times you see an advertisement and help measure the effectiveness of the advertising campaigns. They are usually placed by advertising networks with the website operator's permission. They remember that you have visited a website and this information is shared with other organizations, such as advertisers.
- On <https://www.elevateourteam.com>, these cookies might be used to show you relevant information about Catalyst Innovations/Elevate services after you've left our Site.

First-Party vs. Third-Party Cookies

As mentioned, cookies can be either first-party or third-party. Here's what that means for your experience on <https://www.elevateourteam.com>:

- First-Party Cookies: These are cookies set directly by Catalyst Innovations/Elevate. They help us manage your session, remember your preferences, and understand how you navigate our Site. For example, if you log into your Elevate account, a first-party cookie keeps you logged in.
- Third-Party Cookies: These cookies are set by other companies whose services we use on our Site. This includes services like Google Analytics for understanding site traffic, or social media platforms for sharing content. These third parties may collect information about your browsing activity across different websites.

Your Choices and Control Over Cookies

You have the right to decide whether to accept or reject cookies. You can exercise your cookie preferences by adjusting your browser settings. Most web browsers allow some control of most cookies through the browser settings. But here's the thing: if you choose to reject cookies, you may still use our Site, though your access to some functionality and areas of <https://www.elevateourteam.com> may be restricted.

Here's how you can typically manage cookies:

- Browser Controls: You can set or amend your web browser controls to accept or refuse cookies. The "help" menu on the toolbar of most browsers will tell you how to stop accepting new cookies, how to receive notification of new cookies, and how to disable existing cookies.

- Opt-Out Tools: Many advertising networks offer you a way to opt out of targeted advertising. If you'd like to find out more information, please visit <http://www.aboutads.info/choices/> or <http://www.youronlinechoices.com/>.

Remember, disabling cookies may affect the functionality of <https://www.elevateourteam.com> and other websites you visit.

Do Not Track Signals

Some web browsers may transmit "do not track" signals to websites with which the browser communicates. As of the Last Updated date of this Cookie Policy, there is no industry standard for how websites should respond to these signals. Therefore, Catalyst Innovations/Elevate does not currently respond to "do not track" signals. We will continue to monitor developments in this area and may update our practices if a standard is established.

United States Specific Considerations

Our operations are based in the United States. While the U.S. does not have a single comprehensive federal law governing cookies like some other jurisdictions, we adhere to principles of transparency and user choice. This policy is designed to clearly inform you about our cookie practices. We respect your right to manage your cookie preferences as outlined above. Our use of cookies aligns with general industry best practices and aims to provide a functional and personalized experience on <https://www.elevateourteam.com>.

Changes to This Cookie Policy

We may update this Cookie Policy from time to time to reflect changes to the cookies we use or for other operational, legal, or regulatory reasons. When we do, we will revise the "Last Updated" date at the top of this Cookie Policy. We encourage you to periodically review this Cookie Policy to stay informed about our use of cookies and related technologies on Elevate.
